

Corrado Fioravanti

Partner, Ing., Italian and European Patent Attorney, Professional Representative in Community Design and Trademark matters before the EUIPO. Corrado received a degree in Civil Engineering from the Politecnico di Torino.

Languages: native Italian and English speaker, knowledge of German and French

Areas of competence:
Patents

Office: Turin

Work experience

Before joining Jacobacci & Partners in 1998, Corrado worked as a designer in a private Italian Architecture & Engineering practice. He began his career as a patent attorney in 1990 with another Italian IP firm.

Professional focus

Corrado has an extensive practice drafting and prosecuting European, Italian and International patent applications, mainly in the mechanical field, and has significant experience in handling oppositions and appeals before the European Patent Office, including hearings.

He has frequently been involved in patent litigation in Italy, Germany and France.

Areas of expertise

Corrado handles mainly mechanical matters and has particular experience in the following fields: automotive & railway, aeronautics, household appliances, heating systems, civil engineering in general, soil mechanics, tunnelling, dentistry, machine tools, electric switches, textile machinery, industrial packaging & handling, automation, and industrial designs.
