

Fabio Di Biase

Ing., Italian and European Patent Attorney entitled to act before the Unified Patent Court, Professional Representative in Community Design matters before the EUIPO. Fabio graduated in Mechanical Engineering at the Turin Polytechnic, with specialization in "Land Vehicle Propulsion".

Languages: native Italian, fluent in English, French and Spanish.

Areas of competence:
Patents

Office: Milan

Work experience

Before joining Jacobacci & Partners in 2017, Fabio worked at Toyota Motor Europe, in Brussels, working on hydrogen fuel cell vehicles. As a Patent Attorney, Fabio represents and advises clients ranging from small local companies and startups to national research institutes and multinational corporations.

Professional focus

Fabio has extensive expertise in drafting and prosecuting Italian and European patent applications, in the engineering field. He has also been involved in opposition and appeal proceedings at the European Patent Office and patent litigation in Italy. Moreover, he produces freedom-to-operate analyses, strategic advice on patentability and prior art searches.

Areas of expertise

Fabio handles mainly engineering matter and has particular experience in the fields of automotive, space, home appliances, electro-hydraulic tools, textile implants, surgical robots and medical devices.
